InvestmentNews BEST PLACES TO WORK 2019 FOR FINANCIAL ADVISERS

April 23, 2019

AEPG® is proud to be selected, yet again, as an *InvestmentNews* Best Places to Work for Financial Advisers.

We receive a lot of industry recognition for our technical expertise, capabilities, and professionalism. We consistently make the lists of top professionals in our multiple disciplines. However, I am most proud of this 'human and personal accomplishment'.

Our greatest asset at AEPG® is our TEAM. The dedicated women and men who work so very hard and smart for the benefit of the families and businesses we are responsible to look after. I think we have the Best Team in the industry. That's why I am so very proud of our most recent recognition. This recognition truly reflects how much we care.

Compared to firms across the country, only 75 organizations made the cut after being assessed on a number of key areas, including quality of leadership, pay and benefits, and work-life balance. *InvestmentNews* also looked at how firms valued diversity and inclusion among their ranks. **We, at AEPG®, are very proud to have scored 20th in our category and 47th overall!**

Thank you to the AEPG® team!

The second annual *InvestmentNews* Best Places to Work

for Financial Advisers project highlights 75 standout employers in the financial advice industry. These firms, ranging from small practices with fewer than 20 people to large companies with hundreds, invest in creating a work atmosphere and culture that attracts the best employees.

Again this year, our list of top firms was created by Best Companies Group through online employee and employer surveys. The collected information is combined to determine the strengths of each of the firms that voluntarily participate in the program and each workplace is ranked on this data.

Entertaining profiles about these top 75 employers offer insight into the human resources practices that these successful firms rely on to retain skilled employees at their businesses. Compelling perks at the winning firms draw a roadmap for firms looking to make themselves more competitive in the race for the best workers.

Firms selected for the 2019 *InvestmentNews* Best Places to Work for Financial Advisers' list will be celebrated at a Top Advisory Firm Summit along with those receiving *InvestmentNews* Best Practices and Top Technology recognition later this year. The event will be held in Chicago on Nov. 13.
